BUSINESS DEVELOPMENTS

▪ Foreign exchange effects

Overall, foreign exchange effects resulted in a **net positive impact of €11.9 million** for the **first half of 2009**.

-	NAFTA	+€30.0 million
-	Europe	-€12.1 million
-	Rest of the world	-€6.0 million

The positive translation effect amounting to €30 million in the NAFTA region may be broken down by major currencies as follows:

USD:	+€38.8 million
Mexican Peso:	-€8.8 million

As for Europe and the Rest of the World, the Euro rose against all currencies, with the negative foreign exchange effect mainly resulting from the Pound Sterling and the Brazilian Real.

Overall, foreign exchange effects in the **second quarter 2009** resulted in a **positive impact of €7.3 million**.

These foreign exchange effects may be broken down **per region** as follows:

-	NAFTA	+€14.7 million
-	Europe	-€4.6 million
-	Rest of the world	-€2.8 million

▪ Scope of consolidation effects

The scope of consolidation effects mainly resulted from **external growth transactions** completed in **2008**, as follows:

- In Europe: Acquisition of a controlling interest in the GN Research Group, which was consolidated as of July 1, 2008.
- In the NAFTA region: Acquisition of The Answer Group in the United States, which was consolidated as of December 1, 2008.

In the first half of 2009, the scope of consolidation effects had a net impact of €52.3 million, and may be presented as follows:

- **Europe** +€8.0 million
- **NAFTA** +€44.3 million

In the second quarter 2009, the scope of consolidation effects represented a positive impact of €26 million, and may be presented as follows:

- **Europe** +€3.9 million
- **NAFTA** +€22.1 million
